Rottnest Swim Holiday Itinerary guide

Whilst we let the island decide where the best place is to swim each day we appreciate some of you like a more detailed breakdown of what you will be doing. We don't specify distances swum, as it's not that kind of holiday, however some swims will be 2- 3km whilst others will be adventure swims from one bay to another. We may be exploring shipwrecks, or swimming around pristine reef. We incorporate technique, skills, drills and ways to help you be a stronger swimmer as we go.
